The Workplace Safety and Insurance Board (WSIB) likes to think we help people overcome workplace injuries and illnesses, but really, we are just helping business owners make their workplaces even more profitable. We do this by denying claims based on deeming, use of our "special" doctors, and falsely claiming a worker had a pre-existing condition. Our algorithms are at the heart of what we do – deny claims! Bring your enthusiasm to the WSIB, and we will slowly destroy it like we do to injured workers who we do not serve. We provide a culture of hardheartedness, unforgiveness, cruelty, antipathy, denunciation, condemnation, vindictiveness, and retaliation towards injured workers within a team environment.

We are the WSIB. And we're here to help employers get claims denied.

WSIB offices remain closed due to COVID 19. Our priority is to employers of Ontario, ensuring claims for workers compensation are denied. As such, this position may involve some working for all or part of the duration of this position.

This is a temporary opportunity, until you "lose it" and we have to replace you!

Job Summary :

Create new and inventive ways of systematically denying legitimate claims for workers compensation in order to save employers money.

Ensure that the dream of employers, that being not one legitimate claim for workers compensation is ever approved, is achieved.

Major Duties & Responsibilities

1. Leadership Skills

Must have the following leadership skills:

- The ability to blame others, when things go wrong
- The ability to take credit for the work of others, when things go right

- The ability to make subordinates to feel no guilt with forcing injured workers into poverty and ultimately into homelessness

Job Requirements

Knowledge

- A complete lack of knowledge regarding the mistreatment of injured workers!
- A complete lack of knowledge of the overall cost to taxpayers regarding the transfer of work injury costs from employers onto taxpayers.

Education

- a MAXIMUM of a grade two education is required. Any more and you will be deemed to be overqualified

Requirements

- Must be willing to work at 85% of the current wage rate, not because it is expected, but because well its just unfair
- Must be willign to be examine dby our "paper" doctors for any reason, inclduign if we need a good laugh
- Must be willing to work for even less, or even for free, if we find you had a pre-exisitng condition, or if we can not find a pre-exisitng condition, but we can think of one

As a precondition of employment, the WSIB will require a prospective candidate to undergo a complete medical examination by one of our "special" doctors. So get ready to bend over, like injured workers must do. Please note that our doctors have very large cold fingers! The WSIB will access your entire medical history from EVERY healthcare professional you have ever seen, in your life. This will prevent you from claiming any work related conditions. Even if you do, we will have our "special" doctors re-examine you and say you are tickety-boo. Even if you are not!

To apply for this position, please submit your application by carrier pigeon, because we like it old school!

We really do not appreciate the interest of all candidates. Due to the volumes of applications we receive, we are only able to contact candidates that are selected to move forward in the recruitment process. The WSIB is an employer who is an expert at getting around the human rights & labour legislation.

The WSIB is an employer that will not provide accommodation for job applicants, because we are experts at avoid legal obligations. If you are an individual with a disability and you need accommodation in order to apply for this position, please go elsewhere. If , by some miracle, you are invited to participate in the assessment process, please provide your accommodation needs at that time. Please be advised that any need for accommodations will be challenged and changed by the WSIB as we have a "special" Corporate Health Department to do that for us.

Employees of the WSIB have important ethical responsibilities, including the obligation to place the personal interests above public interests - after all that is why we hire these people, for their hatred towards injured workers. Job applicants are therefore required to disclose any circumstance that could result in a real, potential or perceived hatred towards injured workers. This way we may move your name to the top of the hiring list! Please contact TAC if you have no TAC, because we want you!

Privacy Statement

Personal information will be collected from your resume, application, cover letter, and well anywhere else. Including trolling you on social media and installing surveillance equipment in your home. We do this not for security, but simply because well we are bored and hope we have a laugh at your life!
